

# Technical Bulletin

**BULLETIN NO. O-8.25.2011**

**DATE:** August 25, 2011

**TO:** All OLSEN Boiler Customers

**FROM:** ECR International, Inc. Technical Service Department

**TITLE:** OMGB Heat Exchanger Revision

## MODELS AFFECTED

<b>OMGB 50-300</b>	Nat & LP Gas	Spark and Std Pilot	Effective Date: September, 2011
--------------------	--------------	---------------------	------------------------------------

## SITUATION:

The current heat exchanger used on the OMGB series OLSEN Boiler has replaced with a new style casting of advanced design.

The flowing changes to the OMGB series have been incorporated into all new equipment effective manufacturing date September, 2011. The model description of the OMGB series in the future will be as described in example OMGB-100JID (spark) or OMGB-100JD (standing pilot)

If you should have any questions at all on these changes to the product or on a replacement block assembly, please feel free to contact Morden National Sales and Marketing Inc. in Canada at 1.888.270.8324 or ECR Technical Service Department at 1.800.325.5479 Extension # 7022.
